

Our Appleton Woodland, Oxfordshire

Don't leave home without these instructions

Please use the following details to arrive at the woodland 15 minutes prior to your course start time to enable us to make a prompt start. While the course is held in a rural location the nearby city of Oxford and surrounding motorways can cause significant traffic congestion at times so please allow plenty of time for your journey.

Setting

The course takes place within a beautiful 250 acre ancient woodland nestling on the banks of the river Thames, just 6 miles south west of Oxford near the village of Appleton. The woods cover very diverse habitats for flora and fauna with parts of the site being designated as a SSSI (Site of Special Scientific Interest).

Running late?

If you are delayed at all please contact us at the earliest possible moment on **07843064114** so we can try and plan logistically to get an instructor back to the meeting point. However, please note due to the rural setting and the safety considerations of the course late arrivals may mean that we cannot wait for you at the meeting point and you may not be able to take part in the course - In these situations late arrivals will be considered a cancellation on your part.

On arrival – stay safe

Access to the wood is via a gate which will be unlocked by an instructor 15 minutes prior to the start of your course. If arriving before the gate has been opened please park sensibly along the road so as not to cause issues to passing traffic. **Please do not wander into the woods before an instructor has arrived as there may be shooting taking place.**

By Private Transport

If you are using a Sat Nav it will only help you so far as the nature of woodland means it does not have a post code so please bring these directions with you. However, the nearest building which is opposite the woodland entrance has a post code of OX13 5QN.
